HTML, CSS, Bootstrap, Javascript, JQuery, React.js, MySQL, MongoDB, Node.js, Express.js, Redis, Typescript, Next.js

SKILLS

Git, Responsive Design, API Design, Heroku, Unit Testing

EDUCATION

Ohio State University Coding Boot Camp, June 2021 - Sept 2021

Gwinnett Technical College, *Computer Science*

EXPERIENCE

Full Stack Web Development Student at OSU Coding Boot Camp

June 2021 - Sept 2021

As a student of the OSU full stack web development bootcamp, I work on projects utilizing API's, MySQL, NNode, Express, and User authentication. I create intuitive frontends, robust backends and scalable databases.

Junior Developer & QA Tester at Little Rhino

Feb 2020 - Jan 2021

I updated and maintained over 30 client websites each month where I found and fixed errors; monitored and fixed broken links; tested website metrics; and created monthly client reports. I used extensive QA testing before every launch to ensure sites complied with web standards. I assisted on new client design and development, implemented on and off-site SEO.

Developer at Sengino

Mar 2017 - Apr 2018

I generated leads and onboarded new clients in a fast-paced start-up environment. I managed deadlines creating WordPress websites using custom templates, and used search engine optimization techniques to improve website rankings. I maintained these sites and ran weekly reports outlining site metrics, updates, and vulnerabilities to be delivered to the clients.
